About the Forest Glen Collection

@ReneeNanneman

The rare and stunning 1870’s French curtain panel, a flourished botanical study of meadow plant life, became the inspiration for Forest Glen. Narrow streams meander through valleys filled with delicate flowering orchids, camillas, tuberoses, clover and woodruff. The Highlands floral has delicate balance of raspberry, pink and heather flowers blooming from leaf clusters in natural shades of sage, celery and lichen green. Companion prints are all 19th century bits from charm quilts. A paisley becomes dewdrops, the ruffle print adds movement to the collection and the Jacobean floral is the perfect tone-on-tone print to enhance the repertoire with color.
